

COVID-19 PLAN

Effective January 5th, 2021

In conjunction with [the latest mandates](#) as made effective by Governor Jay Inslee, this plan is set forth to ensure the safety and well-being of all with whom Christie Becker Violin, LLC interacts in the nature of their work as performer and entertainer. This plan shall be followed and enforced by Christie Becker - owner and sole proprietor - as well as any independent contractors as circumstances may dictate.

1. Musicians will self-monitor for symptoms in the days leading up to a performance and will check their own temperature prior to heading to a performance. Temperatures above 100.4° will disqualify the individual from attendance at the performance.
2. When traveling to performances, musicians who are not members of the same household will arrive separately.
3. When on location, a minimum of 6-feet of distance will be maintained between individual musicians as well as all venue employees, vendors, and guests, and cloth face coverings will be worn at all times, whether indoors or outdoors.
4. Hand sanitizer will be made available by Christie Becker Violin, LLC for use by the musicians upon arrival at the venue site.
5. Repeated use equipment including stands, speaker systems, sheet music binders, and other equipment necessary for performances will be cleaned and sanitized after each performance in accordance with [guidelines](#) set forth by the EPA.
6. In the case of equipment including paper sheet music, printed schedules, and other similar items, these are permitted for reuse only by the original user/owner and are not to be shared between musicians. Each musician will be provided their own fresh copy to ensure safety and adherence to these guidelines.
7. A copy of these rules will be supplied in electronic form to all independent contractors upon booking a performance and signed to ensure receipt and compliance.
8. Christie Becker Violin, LLC will expect compliance with all state-mandated rules relating to COVID-19 from clients, including:
 - a. Clients take their temperature before attending a wedding service or funeral. Any individual with a temperature of 100.4°F will not be permitted to attend the service.
